Aims and scope
Iraqi Journal of Pharmacy is a scientific and refereed journal published by the College of Pharmacy, University of Mosul, Mosul, Iraq. It publishes in English original and distinguished research articles, short communications, case reports and reviews in all pharmaceutical sciences and clinical subjects that are of interest to practicing pharmacists.

shall be considered for only that they are neither oocuiTent consideration by any nor have been published elsewhere.
Manuscripts are subjected to peer review to their scientific merit. Accepted articles become the property of the Iraq J Pharm. The journal is published two times a year.

Manuscript submission
Manuscripts must be submitted by one of the authors designated as the author who has the full of the co-authors. For the manuscript during
• Submission, manuscript is submitted
• Editor-in-chief, Iraqi J Pharm, CoDege of Pharmacy, University of Mosul, Iraq. Submission of the manuscript can be send by e-mail attachments to iraqijournalph(q),yahoo.com

Manuscript preparation
Manuscript should be computer typed in Microsoft Word using a 12-point Time New roman font, single spaced throughout the text, including legend of figures, tables, and references. Using A4 paper for typing. The typed area should be 15 cm width * 24 cm height. All pages, including the title page, must be numbered. General instruction on how to prepare a manuscript are given in Uniform Requirements for Manuscript Submitted to Biochemical Journals issued by the International Committee of Medical Journal editors (http://www.icmje.org). The manuscript, subdivided by one line-space between headings, should be organized as follows

Title Page
The first page of the manuscript includes the title (capitalized only the first letter) of the article, followed by one line space and the names of the authors (no degree) and their addresses for correspondence, including the e-mail of the corresponding author. The first letter of each name and main word should be capitalized. The title, authors name should be centered on the width of the typing area.

Abstract
The second page contains the abstract which should be not more than 200 words presents the main finding. The abstract is divided in background, methods, results, conclusion. A list of 3-5 keywords in English and not included in the title should be typed below the abstract. An Arabic abstract is required. It should follow English abstract.

Introduction
Describes briefly the background of the investigation with updated information and states the aim of the study.
Materials and Methods
Describe sampling procedure, apparatus, methods of study and statistical analysis. Support the techniques and methods used with references. Specify the computer software analysis and define statistical terms and abbreviations, and symbols applied.

Results
Present the results and their significance clearly. Graphs and tables should be self explanatory. Do not repeat in figures or in the text the data presented in tables. Tables and figures should be numbered by Arabic order of their mention in the text.

Discussion
Deals with review and interpretations of the results, and supported by relevant updated references. Repetition of data should be avoided. It should end with brief conclusions. In short communications, results and discussion may be combined.

Acknowledgements
Include the sponsor, funding agency, provider of major facilities and the names of those who contributed substantially to the work but do not fulfill the requirements for the authorship.

References
References to literature should be numbered (without brackets) consecutively in the text in the order they are first mentioned and listed at the end of the manuscript. Title of the journals should be abbreviated according to the list of journals indexed for Medline (ftp://nlmpubs.nlm.nih.gov/online/journals/ijjweb.pdf). Personal communications or unpublished data should be mentioned in the text, but not included in the list of references. Examples:

Publication cost
Manuscripts are only accepted after payment of the publication cost by the author(s) whose name(s) appear in the paper. The current publication cost of a regular research paper is 50000 I.D. payable to the Irq J Pharm, College of Pharmacy, University of Mosul, Iraq.
